FREE - Registration not required

Stay Warm & Save Energy

How to stay comfortable and save energy this winter: energy saving tips and discussion about energy! Presented by Laura Paprocki and Gloria Castillo Posada from MGE. English & Espanol

Brain & Body Fitness

Some changes in memory and thinking are a normal part of aging. Learn more about changes in memory that may occur as we age, and participate in brain and body exercises that promote brain health.

Presenters, Lilli Kay and Laura Block are graduate students working with the Gilmore-Bykovskyi Lab at the UW-Madison School of Medicine and Public Health.
